Dear Valued Dealer,

Welcome to Biker Tent by Covas Industries, Inc. We are a small internet business that opened our doors to the general public back in 2000. BikerTent is the first tent on the market that is designed with the sole purpose to provides protection and security for both motorist and his/her bike while camping. It accommodate diffrent models of bikes, ATV's, Multiple dirt bikes, Etc. No longer does a bike have to stay outside overnight unprotected while camping ever again.

It's great for family camping as well; The tent can sleep family members or friend on the vehicle side or place a picnic table/ play pen. All exits and windows are screened including the inner access door. The tent is all one piece, floors sewn to the walls, and has reinforced corners.

## **Product Features:**

**Stores recreational vehicle**

**Total weight including poles 26.5 lbs**

**Compact, Portable, Adaptable**

**YES, IT'S A DRIVE THROUGH!**

**Overall Dimensions:**

**Tent Dimensions: 10'd x 9' 4"w x 6' 8"h.**

**Space for motorcycle: 10'd x 4' 9" w x 6' 8" h**

**Sleeping quarters: 10'd x 4' 5" w x 5' 9" h**

**Packed: (Both, tent and poles come in separate bags)**

**Pole in bag: 26" L x 4" d**

**Tent in bag: 20" L x 10" d**

**Color choices: Classic Blue or Camouflage**

Included with tent are stakes, reflective tie down cords, kickstand plate and oil drip pad. We also improved the poles system to make it easier for one man to set up. The fabric we use for our tents is polyester, we discovered that it is much more durable than rip nylon. The fabric is waterproofed and all seams are taped seam sealed from the inside, therefore our tents do not require a rain fly. Biker Tent was created to accommodate and simplify any camping lifestyle.

Our first priority is to provide the best quality to our customers. If you have questions you can call or fax us your request at 863-852-7292, or email us at [info@bikertent.com](mailto:info@bikertent.com)
